EDUCATIONAL AND PROFESSIONAL HISTORY

EDUCATION

University of Chicago, Biopsychology, Ph.D., 1988
University of Chicago, Biopsychology, M.A., 1987
Brandeis University, Physics and Philosophy, A.B., 1983

PROFESSIONAL AND ACADEMIC POSITIONS

Chair, Department of Psychological and Brain Sciences, University of Iowa, 2017-present.
Member, Iowa Neuroscience Institute, 2017-present.
Director, The DeLTA Center, University of Iowa, 2016-2017.
Professor, Department of Biology, University of Iowa, 2010-present.
Interim Director, The DeLTA Center, University of Iowa, July-December 2010.
Professor, Department of Psychology, University of Iowa, 2001-present.
Associate Professor, Department of Psychology, University of Iowa, 1996-2001.
Assistant Professor, Department of Psychology, University of Iowa, 1992-1996.
Research Associate, Indiana University, Bloomington, 1988-1992.
Research Assistant, University of Chicago, 1983-1988.

HONORS AND AWARDS

Eliot Hearst Lecturer, Department of Psychological and Brain Sciences, Indiana University, Bloomington, spring 2025.
University of Iowa Distinguished Chair, 2023-present.
AAAS Fellow, American Association for the Advancement of Science, 2021.
Senior Investigator Award, International Society for Developmental Psychobiology (ISDP), 2020.
F. Wendell Miller Professor, University of Iowa, 2009-2023.
MERIT Award (R37), National Institute of Child Health and Human Development, 2014-2024.
Scholar of the Year Award, Office of the Vice-President for Research, University of Iowa, 2016.
Harley Hotchkiss Memorial Lecturer, "Department of Neuroscience and the Canadian Centre for Behavioural Neuroscience, University of Lethbridge, Canada, April 9, 2015.
Exemplar Award, Center for the Integrative Study of Animal Behavior (CISAB), Indiana University, 2014.

Inaugural Starkey Duncan Memorial Lecture, University of Chicago, 2013.

Fellow, American Psychological Association (APA), Division 3 (Experimental Psychology), 2011.

Regents Award for Faculty Excellence, University of Iowa, 2009.

Editor-in-Chief, *Behavioral Neuroscience*, 2008-2014.

President, International Society for Developmental Psychobiology (ISDP), 2007-2008.

Starch Faculty Fellow, University of Iowa, 2006-2009.

Fellow, American Psychological Association (APA), Division 6 (Behavioral Neuroscience and Comparative Psychology), 2005.

Independent Scientist Award (K02), National Institute of Mental Health, 2002-2012.

Associate Editor, *Behavioral Neuroscience*, 2001-2007.

Faculty Scholar Award, University of Iowa, 1999-2002.

American Psychological Association (APA) Distinguished Scientific Award for an Early Career Contribution to Psychology in the area of animal learning and behavior, comparative, 1997.

FIRST Award (R29), National Institute of Mental Health, 1994-1999.

Graduate Fellowship, University of Chicago, 1983-1988.

GRANTS

Current and Pending

Pending: Principal Investigator, National Institute of Child Health and Human Development (NICHD), entitled “Development and synchronization of sleep-dependent cortical and brainstem rhythms.” 2025-2030.

Principal Investigator, National Institute of Child Health and Human Development (NICHD), entitled “Sleep-related behavior and cortical activity in premature human infants as predictors of developmental outcomes” (R01-HD104616). 2022-2027. Total costs over 5 years: \$3,096,972.

Co-Principal Investigator, Aaron Boes and Thomas Nickl-Jockschat (Co-PIs), Iowa Neuroscience Institute Research Programs of Excellence grant, entitled “Neuroplasticity in the human brain: From molecules to circuits to systems.” 2022-2025. Total costs over 3 years: \$600,000.

Principal Investigator, Hawk-IDDRC Pilot grant, entitled “Tracking the developmental trajectory of a newly discovered sleep-related behavior in human infants.” 2022-2024. Total costs: \$20,000.

Co-Investigator, Lane Strathearn (PI), National Institute of Child Health and Human Development (NICHD), entitled "University of Iowa Hawkeye Intellectual and Developmental Disabilities Research Center (Hawk-IDDRC)" (HD103556). 2021-2026. Total costs over 5 years: \$6,159,147.

Principal Investigator, MERIT Award (R37), National Institute of Child Health and Human Development (NICHD), entitled "State-dependent sensory processing across early development" (R37-HD081168). 2019-2024. Total costs over second 5-year period: \$2,681,885.

Diversity Supplement for Lex Gómez, 2018-2020. Total costs: \$139,047.

Completed

Principal Investigator, Simons Foundation SFARI Pilot Award (#569466), entitled "Neurophysiological impact of abnormal infant sleep in 16p11.2 deletion mice." 2018-2020 (no-cost extension through 2022). Total costs over 2 years: \$330,000.

Principal Investigator, R21, National Institute of Child Health and Human Development (NICHD), entitled "Cortical activity and phasic REM sleep in human newborns" (HD095153). 2018-2020 (no-cost extension through 2021). Total costs over 2 years: \$385,250.

Principal Investigator, MERIT Award (R37; initial period), National Institute of Child Health and Human Development (NICHD), entitled "State-dependent sensory processing across early development" (HD081168). 2014-2019. Total costs over 5 years: \$2,351,433.

Principal Investigator, Simons Foundation SFARI Explorer Award (#499372), entitled "Neurodevelopmental assessment of motor behavior in a mouse model of autism." 2017-2018. Total costs over 1 year: \$70,000. (No-cost extension through August 31, 2018.)

Principal Investigator, Bill & Melinda Gates Foundation Grand Challenges Exploration Round 14 grant (OPP1129031), entitled, "Using REM sleep twitches to detect and assess neurodevelopmental disorders." 2015-2017. Total costs over 2 years: \$100,000.

Principal Investigator, R21, National Institute of Nervous Diseases and Stroke (NINDS), entitled "Sleep, proprioception, and forebrain activity in infant mutant mice" (NS073869). 2012-2013. Total costs over 2 years: \$394,165.

Principal Investigator, RO1, National Institute of Child Health and Human Development (NICHD), entitled "Behavioral state development in infants" (HD063071). 2010-2015. Total costs over 5 years: \$1,459,873. (No-cost extension through June 2016.)

Principal Investigator, KO2, Independent Scientist Award, National Institute of Mental Health (NIMH), entitled "Homeostasis and behavioral state organization in infants" (MH066424). 2007-2012. Total costs over 5 years: \$630,340.

Principal Investigator, RO1, National Institute of Mental Health (NIMH), entitled "Behavioral state development in infants" (MH050701). 2004-2009. Total costs over 5 years: \$1,279,990.

Principal Investigator, KO2, Independent Scientist Award, National Institute of Mental Health (NIMH), entitled "Homeostasis and behavioral state organization in infants" (MH066424). 2002-2007. Total costs over 5 years: \$554,960.

Principal Investigator, RO1, National Institute of Mental Health (NIMH), entitled "Endothermy and behavioral thermoregulation in infants" (MH050701). 2000-2004. Total costs over 4 years: \$824,626.

Principal Investigator, RO1, National Institute of Child Health and Human Development (NICHD), entitled "Cardiovascular concomitants of ultrasonic vocalizations" (HD038708). 2000-2003. Total costs

over 3 years: \$595,350. (Minority supplement, 2001-2003, total costs over two years: \$27,928.)

Faculty Scholar Award, 1999-2002, includes a 50% reduction in teaching and service for three consecutive years, as well as modest (\$2,000-\$4,500) support for research from the Office of the Provost.

Principal Investigator, FIRST Award (R29), National Institute of Mental Health (NIMH), entitled "Development of autonomic and behavioral thermoregulation" (MH050701). 1994-1999. Total direct costs over 5 years: \$349,924. (Minority supplement, 1997-1999, total direct costs over two years: \$36,187.)

Co-Investigator, Jeffrey Alberts (PI), RO1, National Institute of Child Health and Human Development (NICHD), entitled "Thermal imaging of perinatal behavior and physiology," 1991-1994. Total direct costs over 3 years: \$133,956.

INVITED TALKS AND CONFERENCE PRESENTATIONS

COLLOQUIA AND SYMPOSIA

Eliot Hearst Lecturer, title TBD, Department of Psychological and Brain Sciences, Indiana University, Bloomington, spring 2025.

Invited speaker, title TBD, 3rd meeting on Spontaneous Activity in Brain Development (SPONT), Alicante, Spain, Nov 4-6, 2024.

Invited speaker, "Developing the sensorimotor system in our sleep: Implications for typical and atypical development," Fetal, Infant, and Toddler Neuroimaging Group (FIT'NG) meeting, Baltimore, Sept 25-26, 2024.

Invited speaker, "Development needs sleep" (virtual), Donders Institute, Radboud University Medical Center, The Netherlands, March 15, 2024.

Invited speaker, "Sleep-dependent development of the cerebellar system," Cerebellar Seminar organized by Reza Shadmehr (virtual), Johns Hopkins University School of Medicine, March 12, 2024.

Invited speaker, "The complexities of cortical development as revealed through the lens of sleep." Bern Sleep Symposium, Bern, Switzerland, November 3, 2023.

Invited speaker, "Development needs sleep, as does pediatrics," Hawk-IDDRC seminar, University of Iowa, Iowa City, October 13, 2023.

Opening keynote address, "Development needs sleep," Neonatal Sleep Talks (NeST) 2023, Clare College, University of Cambridge, UK, August 31-September 1, 2023.

Invited speaker, "Sleep-dependent activation of the developing cerebellar system," Gordon Research Conference on the Cerebellum, Lewiston, Maine, August 6-11, 2023.

Invited speaker, "Writing science for a general audience," Writing in Neuroscience (WIN) Program, University of Iowa, March 7, 2023.

Inaugural Thomas F. Anders Seminar, "Development needs sleep and sleep needs development," Center for Sleep and Circadian Rhythms in Child and Adolescent Mental Health, Alpert Medical School of Brown University, September 20, 2022.

Invited speaker, "Development needs sleep and sleep needs development," Sleep Research Society, Association of Professional Sleep Societies, Charlotte, North Carolina, June 7, 2022.

Keynote speaker, "How the brain organizes itself during sleep," 2nd Annual Neonatal Sleep Symposium, December 2-3, 2021. (Virtual)

Invited colloquium, "Developing the sensorimotor system in our sleep: Implications for typical and atypical development," Department of Psychology, Virginia Tech University, December 2, 2021. (Virtual)

Invited speaker, "Developing the sensorimotor system in our sleep," Nu Rho Psi chapter at Georgia State University, October 22, 2021. (Virtual)

Plenary speaker, "Developing the sensorimotor system in our sleep: Implications for typical and atypical human development," UMC Utrecht Brain Center, June 4, 2021. (Virtual)

Invited speaker, "Developing the sensorimotor system in our sleep," Institute of Mediterranean Neurobiology (INMED), Marseille, France, May 31, 2021. (Virtual)

Invited speaker, "Sleep as a critical context for typical and atypical neurodevelopment," SFARI and SIDB Workshop: Advances and opportunities for rats as experimental model systems for autism, Simons Foundation, New York, New York, April 29, 2021. (Virtual)

Invited speaker, "Figuratively speaking: How to use figures to better communicate your science," Writing in Neuroscience (WIN) Program, University of Iowa, February 2, 2021. (Virtual)

Invited symposium speaker, "Sleep-specific characteristics supporting development, learning, memory, and cognition across ages and species," Society for Neuroscience Global Connectome: A Virtual Event, January 11-13, 2021. (Virtual)

Invited lecturer, "Sleep, clocks, and brain development," for Academy of Sleep and Consciousness, University of Bern and other partner universities, December 2020. (Virtual)

Invited speaker, "Developing the sensorimotor system in our sleep: Implications for typical and atypical human development," University of Genoa, Italy, November 24, 2020. (Virtual)

Brown bag presentation, "Writing cover letters for journal submission: When, why, and how?" Department of Psychological and Brain Sciences, University of Iowa, November 11, 2020. (Virtual)

Participant in a virtual roundtable, entitled "What is REM sleep? Evolutionary and developmental perspectives," 25th Congress of the European Sleep Research Society, September 22, 2020. (Virtual)

Invited colloquium, "Active sleep promotes functional connectivity and sensorimotor integration throughout the developing nervous system," Max Planck Institute for Ornithology, Seewiesen, Germany, March 5, 2020. (Cancelled due to coronavirus)

Invited speaker, "Sleep-dependent activation of the developing cerebellar system," in minisymposium entitled "Functional maturation of cerebello-cerebral interactions," Society for Neuroscience, Chicago, Illinois, October 20, 2019.

Invited colloquium, "Active sleep promotes functional connectivity and sensorimotor integration throughout the developing nervous system," Huck Institutes of the Life Sciences, Penn State University, October 2, 2019.

Colloquium, "From innateness to epigenesis: An introduction to developmental systems," DeLTA Center, University of Iowa, September 27, 2019.

Invited speaker, "Active sleep promotes functional connectivity among cortical and subcortical structures in the infant brain," for symposium entitled Sleep, Memory and the Brain During Development, Society for Research in Child Development, Baltimore, Maryland, March 21-23, 2019.

Invited speaker, "Sleep promotes activity-dependent plasticity in the developing motor cortex,"

Annual Meeting in Computational and Systems Neuroscience (Cosyne), Cascais, Portugal, March 4-5, 2019.

Invited speaker, "Active sleep promotes functional connectivity and sensorimotor integration throughout the developing nervous system," Advances in Sleep & Circadian Science, Clearwater Beach, Florida, February 1-4, 2019.

Invited address, "Freaks for geeks," Annual Meeting of the Pavlovian Society, Iowa City, Iowa, October 6, 2018.

Invited colloquium, Department of Integrative Physiology, University of Colorado, Boulder, Colorado, October 1, 2018.

Keynote speaker, "Myoclonic twitching during REM sleep: A new perspective on an abundant but overlooked behavior of early infancy," International Pediatric Sleep Association, Paris, France, April 28-29, 2018.

Invited speaker, "Developing the sensorimotor system in our sleep: Implications for typical and atypical human development," Sleep and Performance Research Center, Washington State University, Spokane, Washington, February 12, 2018.

Colloquium, "Developing the sensorimotor system in our sleep: Implications for typical and atypical human development," Department of Internal Medicine, Division of Pulmonary, Critical Care & Occupational Medicine, University of Iowa Carver College of Medicine, February 9, 2018.

Invited speaker in symposium entitled "Sleep ontogeny across phylogeny: Examining the role of sleep during development using model systems," Sleep Research Society, Boston, Massachusetts, June 6, 2017.

Co-chair of session entitled "The interplay between sleep and development: Structure-function relations in early brain development," Sleep Research Society, Boston, Massachusetts, June 6, 2017.

Colloquium, "Developing the sensorimotor system in our sleep: Implications for typical and atypical human development," Department of Pediatrics, University of Iowa Carver College of Medicine, April 10, 2017.

Colloquium, "Development evolving: From innateness to epigenesis," DeLTA Center, University of Iowa, September 9, 2016.

Chair of symposium entitled "Emerging structure-function relations in early brain development," International Conference on Infant Studies (ICIS), New Orleans, Louisiana, May 26-28, 2016.

Invited colloquium, "Developing the sensorimotor system in our sleep," Center for Sleep and Circadian Neurobiology, Perelman School of Medicine, University of Pennsylvania, February 18, 2016.

Invited colloquium, "Developing the sensorimotor system in our sleep," Department of Physiology, Pharmacology, & Neuroscience, City College of New York (CCNY), December 14, 2015.

Invited speaker, "A new view of 'dream enactment' in REM sleep behavior disorder," International REM Sleep Behavior Disorder Study Group Meeting, Fort Lauderdale, Florida, December 4-6, 2015.

Invited colloquium, "Developing the sensorimotor system in our sleep," Department of Molecular, Cellular, and Developmental Biology, University of Michigan, Ann Arbor, November 13, 2015.

Invited colloquium, "Developing the sensorimotor system in our sleep," Department of Neuroscience and Physiology, New York University Medical Center, New York, November 10, 2015.

Invited speaker, "Developing the sensorimotor system in our sleep," NeuroDevNet Brain

Development Conference, Ottawa, Canada, September 20, 2015.

Invited colloquium, "Developing the sensorimotor system in our sleep," Department of Psychology, New York University, New York, September 17, 2015.

Invited speaker, "Developing the sensorimotor system in our sleep," The Barcelona Cognition, Brain, and Technology Summer School, Barcelona, Spain, August 31-September 4, 2015.

Harley Hotchkiss Memorial Lecturer, "Developing the sensorimotor system in our sleep," Department of Neuroscience and the Canadian Centre for Behavioural Neuroscience, University of Lethbridge, Canada, April 9, 2015.

Invited colloquium, "Developing the sensorimotor system in our sleep," Department of Psychology, Ohio State University, Columbus, Ohio, March 26, 2015.

Brown bag talk, "Developing the sensorimotor system in our sleep," Department of Psychology, University of Iowa, February 18, 2015.

Invited colloquium, "Beyond dreams: Developing the sensorimotor system in our sleep," Department of Psychological and Brain Sciences, University of Massachusetts, Amherst, February 4, 2015.

Invited colloquium, "Development evolving: From innateness to epigenesis," Center for Studies in Behavioral Neurobiology, Concordia University, Montreal, Canada, January 30, 2015.

Invited colloquium, "Mapping the sensorimotor system in our sleep," Center for Studies in Behavioral Neurobiology, Concordia University, Montreal, Canada, January 29, 2015.

Invited colloquium, "Mapping the sensorimotor system in our sleep," University of Lyon, Lyon, France, November 24, 2014.

Plenary speaker, French Sleep Research and Medicine Society, Lille, France, November 21, 2014.

Invited speaker, "Developing the sensorimotor system in our sleep," NIH Sleep and Neurodevelopment Symposium, Bethesda, Maryland, October 8, 2014.

Symposium participant, "Developing the sensorimotor system in our sleep," 22nd Congress of the European Sleep Research Society, Tallinn, Estonia, September 16-20, 2014.

Symposium participant, "REM sleep without atonia and dream enactment: The view from early infancy," Symposium entitled "Clinical and Basic Science Perspectives on Mechanisms of REM Sleep Behavior Disorder." Annual meeting of the Associated Professional Sleep Societies, Minneapolis, Minnesota, June 1, 2014.

Symposium participant, "Developing sensorimotor memories in our sleep," Symposium entitled "Ground-breaking Theories on Sleep Regulation and Function." Annual meeting of the Associated Professional Sleep Societies, Minneapolis, Minnesota, June 1, 2014.

Keynote speaker, Animal Behavior Conference, Center for the Integrative Study of Animal Behavior (CISAB), Indiana University, Bloomington, Indiana, April 24-26, 2014.

Invited speaker, "Developing sensorimotor memories in our sleep," Gordon Research Conference on Sleep Regulation and Function, Galveston, Texas, March 16-21, 2014.

Invited colloquium, "Development evolving: From innateness to epigenesis," Department of Psychology, State University of New York, New Paltz, New York, December 2, 2013.

Invited speaker, "Beyond dreams: Developing sensorimotor memories in our sleep," Helmut S. Schmidt Memorial Keynote Symposium: Sleep Medicine, Ohio Sleep Medicine Institute, Columbus, Ohio, November 16, 2013.

Keynote address, "On the origins of complex behaviors: From innateness to epigenesis," in

conference entitled “Hormonal Control of Circuits for Complex Behaviors,” Janelia Farm Research Campus, Howard Hughes Medical Institute, Ashburn, Virginia, October 27-30, 2013.

Invited speaker, “Developing sensorimotor memories in our sleep,” Department of Neurosurgery, University of Iowa Hospitals & Clinics, Iowa City, July 12, 2013.

Invited colloquium, Distinguished Speaker Series, “Beyond dreams: Developing sensorimotor memories in our sleep,” Department of Psychology, UC Davis, Davis, California, May 23, 2013.

Inaugural Starkey Duncan Memorial Lecture, “Beyond dreams: Developing sensorimotor memories in our sleep,” Department of Psychology, The University of Chicago, May 2, 2013.

Invited speaker, Sleep Disorders Clinic, Department of Neurology, University of Iowa Hospitals & Clinics, Iowa City, April 19, 2013.

Invited colloquium, “Developing sensorimotor memories in our sleep,” Department of Informatics, University of Zurich, Zurich, Switzerland, December 6, 2012.

Invited colloquium, “Development evolving: From innateness to epigenesis,” Department of Psychology, Princeton University, November 30, 2012.

Grand Rounds, “Beyond dreams: How sleep-related movements contribute to sensorimotor development and recovery of function,” Department of Neurology, University of Iowa Hospitals & Clinics, Iowa City, November 13, 2012.

Invited colloquium, “Developing sensorimotor memories in our sleep,” Department of Psychology, University of Wisconsin, Madison, November 1, 2012.

Invited colloquium, “Development evolving: From innateness to epigenesis,” Department of Psychology, Rutgers University, Newark, New Jersey, September 21, 2012.

Invited colloquium, “Developing sensorimotor memories in our sleep,” Center for Molecular and Behavioral Neuroscience, Rutgers University, Newark, New Jersey, September 20, 2012.

Symposium speaker, “Motor activity during sleep in infants activates cortical and hippocampal circuits: Relations to sensorimotor integration and plasticity,” for symposium entitled “Early cortical activity patterns in rodents and humans: From basics to clinic,” 8th FENS Forum of Neuroscience, Barcelona, Spain, July 14-18, 2012.

Invited speaker, “Development evolving: From innateness to epigenesis,” International Conference on Infant Studies, Minneapolis, Minnesota, June 2012.

Invited workshop, “Designer thinking and developmental systems,” University of Verona, Verona, Italy, April 28, 2012.

Invited colloquium, “Beyond dreams: How twitches during active sleep contribute to sensorimotor development,” University of Verona, Verona, Italy, April 27, 2012.

Invited speaker, Reasonfest, “Freaks of nature and intelligent design,” University of Kansas, Lawrence, Kansas, February 11, 2012.

Invited colloquium, “Beyond dreams: How twitches during active sleep contribute to sensorimotor development,” Department of Cell and Systems Biology, University of Toronto, Toronto, Canada, February 3, 2012.

Discussant, “Legacies and systems.” In symposium entitled “Developmental pathways of species-typical behavior,” International Society for Developmental Psychobiology, Washington, D.C., November 2011.

Invited speaker, “A twitch in time.” Cognitive Development Society Pre-Conference Event entitled “Creating development: Integrating processes over multiple timescales,” Philadelphia,

Pennsylvania, October 2011.

Invited participant, "How will behavioral homology survive in an age of developmental plasticity?" NSF-sponsored workshop on "Exploring the Concept of Homology in Developmental Psychology," Dalhousie University, Halifax, Nova Scotia, August 2011.

Keynote speaker for Brain Awareness Week, "Beyond dreams: Do sleep-related movements contribute to brain development?" Neuroscience Program, Tulane University, New Orleans, Louisiana, March 17, 2011.

Keynote speaker for Darwin Week, "Developing creations and creating development: Why monsters matter," University of Northern Iowa, Cedar Falls, Iowa, February 9, 2011.

Invited colloquium, "Beyond dreams: Do sleep-related movements contribute to brain development?" Department of Physics, University of Iowa, February 7, 2011.

Invited colloquium, "Beyond dreams: Do sleep-related movements contribute to brain development?" Neuroscience Program, University of Maryland, College Park, Maryland, November 5, 2010.

Invited colloquium, "Beyond dreams: Do sleep-related movements contribute to brain development?" Neuroscience Seminar, University of Iowa, October 5, 2010.

Invited colloquium, "The form and function of infant sleep: From muscle to neocortex to developmental plasticity," Department of Biology, University of Iowa, September 24, 2010.

Invited participant, Opportunities at the Interface of Physics and Biology Symposium, Chicago, Illinois, July 27-29, 2010.

Invited speaker, "The form and function of infant sleep: From muscle to neocortex to developmental plasticity," for workshop entitled "Emerging locomotor skills, emotion regulation, and the tasks of the sleeping infant," University of Haifa, May 3-5, 2010.

Keynote speaker, "Developing creations and creating development: Why monsters matter," Annual meeting of the Iowa Academy of Science, Graceland University, Lamoni, Iowa, April 16, 2010.

Invited colloquium, "Sleep and the development of body, brain, and behavior," The Center for Psychiatric Neuroscience, University of Mississippi Medical Center, Jackson, Mississippi, March 12, 2010.

Invited speaker, "Developing creations and creating development: Why monsters matter," Mutter Museum at the College of Physicians of Philadelphia, Philadelphia, Pennsylvania, September 11, 2009.

Invited colloquium, "Sleep and the development of body, brain, and behavior," Center for Neurobiology and Behavior, University of Pennsylvania, September 11, 2009.

Invited speaker, "Sleep and the development of body, brain, and behavior," Distinguished Speakers in Behavioral and Brain Sciences Seminar Series, Department of Psychology, Cornell University, Ithaca, New York, September 3-4, 2009.

Invited speaker, "Spontaneous motor activity during active sleep modulates neocortical and hippocampal events and oscillations in newborn rats," Spring Hippocampal Research Conference, Verona, Italy, June 14-19, 2009.

Invited participant, ANR-NSF Meeting on Cognitive, Behavioural and Social Complexity Cognitive Sciences. Reims, France, April 27-28, 2009.

Invited discussant, "Are animals sentient beings?" Obermann Center Dinner Conversations, University of Iowa, April 16, 2009.

Invited Darwin Day address, "Developing creations and creating development: Why monsters matter," University of Iowa, February 13, 2009.

Invited colloquium, "Sleep and the development of body, brain, and behavior," Department of Psychology, Ohio State University, January 15, 2009.

Presidential address, "Developing creations and creating development: Toward a developmental psychobiology of 'monsters,'" International Society for Developmental Psychobiology, Washington, DC, November 2008.

Invited speaker, "Developing creations and creating development," for symposium entitled "What is the nature of creativity," Kyoto University, Kyoto, Japan, October 2008.

Invited panelist for colloquium entitled "Writing science at the science university," University of Iowa, October 8, 2008.

Invited speaker, "Sleep and the development of body, brain, and behavior," for ICDLS workshop entitled "Neural plasticity across multiple time scales," University of Iowa, October 2008.

Invited speaker, "Epigenesis of ultradian and circadian sleep-wake rhythms," Neurobiological Basis of Circadian Rhythms Interaction with Complex Behaviors Workshop, Sponsored by NIMH, Bethesda, Maryland, July 22-23, 2008.

Invited keynote speaker. "Nativism, evolutionary psychology, and creationism," for symposium entitled "Reconciling nature and nurture in the study of behavior," Indiana University, Bloomington, Indiana, March 23-25, 2007.

Invited colloquium, "The form and function of infant sleep: From muscle to neocortex," Mayo Clinic College of Medicine, Rochester, Minnesota, December 5, 2006.

Invited colloquium, "The form and function of infant sleep: From muscle to neocortex," Department of Biological Sciences, The University of Iowa, Iowa City, Iowa, December 1, 2006.

Invited participant, Consensus meeting on the development of neocortical rhythms, University of Helsinki, Helsinki, Finland, November 10-11, 2006.

Invited colloquium, "Tracking the developmental dynamics of sleep and wakefulness," in workshop entitled "New Approaches to Modeling Sleep/Wake Dynamics and Cognitive Performance," Mathematical Biosciences Institute, Ohio State University, Columbus, Ohio, October 26-27, 2006.

Invited colloquium, "The form and function of infant sleep: From muscle to neocortex," Medical College of Wisconsin, Milwaukee, Wisconsin, March 30, 2006.

Invited colloquium, "The form and function of infant sleep: From muscle to neocortex," New York University, New York, NY, December 14, 2005.

Invited colloquium, "The ontogeny of mammalian sleep: From muscle to neocortex," University of Massachusetts, Amherst, MA, December 6, 2005.

APA fellow presentation, "Unraveling the mysteries of infant sleep," Annual Conference of the American Psychological Association, Washington, DC, August 2005.

Invited colloquium, "Unraveling the mysteries of infant sleep," Department of Neurosurgery, University of Iowa Hospitals and Clinics, May 27, 2005.

Invited colloquium, "Unraveling the mysteries of infant sleep," Department of Psychology and the Center for the Integrative Study of Animal Behavior, Indiana University, February 25, 2005.

Departmental colloquium, "Unraveling the mysteries of infant sleep," Department of Psychology, University of Iowa, February 23, 2005.

Invited colloquium, "In search of the elemental sleep circuit," Department of Psychology, University

of Tennessee, October 13, 2005.

Invited participant, Pediatric Epilepsy Workshop, Sponsored by NINDS, Bethesda, Maryland, May 13-14, 2004.

Invited colloquium, "In search of the elemental sleep circuit," Neuroscience Program, Albert Einstein College of Medicine, Bronx, New York, April 7, 2004.

Departmental colloquium, "Do infants really sleep? And do they really need it?" Department of Psychology, University of Iowa, February 22, 2004.

Departmental colloquium, "What can infant rats teach us about sleep, cataplexy, orexin, and the hippocampus?" Department of Psychology, University of Iowa, March 5, 2003.

Invited colloquium, "Dissecting the neural substrates of sleep in infant rats," Neuroscience Program, Michigan State University, February 13, 2003.

Invited colloquium, "The pup who came in from the cold: Explorations in physiological ecology," Ecology, Evolutionary Biology, and Behavior Program, Michigan State University, February 12, 2003.

Invited colloquium, "Do infant rats cry? And why should we care?" Department of Psychology, University of California, Davis, California, December 4, 2001.

Invited colloquium, "Do infant rats cry? And why should we care?" Saturday Scholars Program, College of Liberal Arts, University of Iowa, October 6, 2001.

Invited colloquium, "Do infant rats cry? Recent developments in an ongoing controversy," Midwestern Psychological Association, May 2001.

Departmental colloquium, "Leading with your chin: Dissecting the components of behavioral thermoregulation in infant rats and hamsters," Department of Psychology, University of Iowa, October 11, 2000.

Invited colloquium, "Cardiovascular causes and consequences of ultrasonic 'crying' in infant rats," Department of Biological Sciences, University of Iowa, March 31, 2000.

Departmental colloquium, "Cardiovascular causes and consequences of ultrasonic 'crying' in infant rats," Department of Psychology, University of Iowa, September 8, 1999.

Departmental colloquium, "What distinguishes a good department from a great department? An open discussion," Department of Psychology, University of Iowa, May 5, 1999.

Departmental colloquium with Gregg Oden, "Why is the concept of set point so unsettling?" Department of Psychology, University of Iowa, February 3, 1999.

Award address, "The developmental context of sleep and homeostasis," American Psychological Association, San Francisco, California, August 1998.

Invited symposium discussant, "Emergence of motor organization in the fetus and neonate: Congruent themes in human and animal models," 11th Biennial International Conference on Infant Studies (ICIS), Atlanta, Georgia, April 1998.

Invited speaker for the Brain Awareness Week Symposium, "To sleep, perchance to twitch," University of Iowa, March 26, 1998.

Invited workshop, "Developmental approaches to the study of REM sleep," Department of Psychology, The University of Chicago, January 16, 1998.

Invited colloquium, "The developmental context of homeostasis," Department of Psychology, The University of Chicago, January 15, 1998.

Invited colloquium at the Center for Developmental Psychobiology, "The squeaky wheel gets the grease, and other deep thoughts on animal communication," State University of New York at Binghamton, February 1993.

Invited colloquium, Department of Psychology, University of Iowa, 1991.

Invited colloquium, Department of Psychology, Duke University, 1991.

Invited participant, Animal Models of SIDS Workshop, sponsored by the National Institute of Child Health and Human Development, Washington, D.C., October 1990.

CONFERENCE PRESENTATIONS: TALKS

Dooley JC, Sokoloff G, & Blumberg MS. Theta oscillations during REM sleep synchronize behavior and neural activity in the developing motor system. Annual meeting of the Associated Professional Sleep Societies, Charlotte, North Carolina, June 2022.

Sokoloff G, Tobias ME, & Blumberg MS. Quantity and patterning of REM-sleep twitches across the first postnatal year. International Society for Developmental Psychobiology, Washington, DC, November 2017.

Dooley JC, & Blumberg MS. Differences in state-dependent responses to sensory feedback between somatosensory and motor cortex in developing rats. International Society for Developmental Psychobiology, Washington, DC, November 2017.

Tiriac A, Del Rio-Bermudez C, & Blumberg MS. Differential processing of sensory reafference from self-generated movements. International Society for Developmental Psychobiology, Washington, DC, November 2014.

Tadjalli, A, Tiriac AG, Sokoloff G, Sattler N, & Blumberg MS. The self-tuning sleeping brain: Activity-dependent scaling of network activity in the developing brain. Annual meeting of the Associated Professional Sleep Societies, Minneapolis, June 2014.

Dyken EM, Zimmerman MB, Kyoungbin I, Lin-Dyken DC, Glenn C, Blumberg MS, Rodnitzky R, & Sokoloff G, et al. Comparing periodic limb movements in sleep in subjects with and without waking paretic/plegic limbs. American Academy of Neurology 66th Annual Meeting, Philadelphia, April 26-May 3, 2014.

Uitermarkt BD, Tiriac A, Fanning AS, Sokoloff G, & Blumberg MS. "Rapid whisker movements" during active sleep in newborn rats. Associated Professional Sleep Societies, Baltimore, Maryland, June 2013.

Blumberg MS, Coleman CM, & Gerth AI. A twitch in time. International Society for Developmental Psychobiology, New Orleans, LA, October 2012.

Tiriac A, Fanning AS, Uitermarkt BD, Coleman CM, Sokoloff G, & Blumberg MS. "Rapid whisker movements" in sleeping newborns. International Society for Developmental Psychobiology, New Orleans, LA, October 2012.

Gall AJ, Todd WD, & Blumberg MS. Developmental influences of the suprachiasmatic nucleus on circadian and ultradian rhythms of sleep and wakefulness in infant rats. Society for Neuroscience, Washington, D.C., November 2011.

TEACHING

UNDERGRADUATE AND GRADUATE TEACHING

Semester, Year	Course	Students Enrolled	Selected Median ACE Summary Scores (Scale from 1 to 6); Analogous SPOT scores reported prior to Fall 1998; Electronic forms instituted in 2016				
			The instructor is effective in teaching the course material	The instructor supports student learning in class	This course is well planned and organized	I learned a great deal in this class	Student questions are encouraged
Spring 2024	PSY:5812 Foundations in Behavioral and Cognitive Neuroscience (.25 credit; overload)	9					
Spring 2022	PSY:5812 Foundations in Behavioral and Cognitive Neuroscience (.25 credit; overload)	6					
Spring 2016	PSY:4090 Senior Seminar: Developmental Psychobiology	17	5.90	5.90	5.90	5.90	5.90
			This course is well planned and organized	Overall this instructor is an effective teacher OR I would recommend a course taught by this instructor to other students	Important points are clarified with good examples	Student questions are encouraged	This instructor is effective in presenting materials in lecture/ discussion
Spring 2015	PSY:7210 Graduate Seminar: Developmental Behavioral Neuroscience	9	5.88	5.94	5.88	6.00	5.94
Spring 2015	31:002 Biological Psychology	165	5.83	5.81	5.84	5.91	5.83
Spring 2014	31:002 Biological Psychology	195	5.75	5.75	5.68	5.84	5.77
Spring 2014	31:242 Foundations in Behavioral and Cognitive Neuroscience	6	5.50	5.90	5.90	5.90	5.90
Spring 2013	31:190 Senior Seminar: Developmental Psychobiology	14	5.29	5.96	5.96	5.91	5.78
	31:338						

Spring 2012	Advanced Topics in Behavioral and Cognitive Neuroscience	12	5.81	6.00	5.95	6.00	6.00
Spring 2010	31:002 Biological Psychology	193	5.74	5.54	5.41	5.85	5.68
Spring 2008	31:190 Psychology Seminar: Sleep	21	5.31	5.97	5.79	6.00	5.97
Fall 2006	31:338 Advanced Topics in Behavioral and Cognitive Neuroscience	12					
Spring 2006	31:234 Developmental Psychobiology	16					
Spring 2005	31:012 Introduction to Brain and Behavior	240	5.59	5.53	5.50	5.90	5.62
Spring 2004	31:190 Psychology Seminar	21	5.91	5.91	5.82	5.97	5.77
Spring 2003	31:338 Advanced Topics in Behavioral and Cognitive Neuroscience	11					
Spring 2002	31:012 Introduction to Brain and Behavior	240	5.68	5.59	5.54	5.85	5.70
Fall 2000	31:012 Introduction to Brain and Behavior	240	5.56	5.58	5.57	5.83	5.70
Fall 1999	31:3 General Psychology	80	5.69	5.73	5.80	5.90	5.83
Spring 1999	31:132 Biopsychology of Motivated Behaviors	50	5.80	5.79	5.80	5.97	5.77
Fall 1998	31:3 General Psychology	80	5.87	5.80	5.84	5.93	5.87
Spring 1998	31:132 Biopsychology of Motivated Behaviors	60	5.70	5.91	5.89		5.98
Fall 1997	31:003 General Psychology	52	5.39	5.63	5.64		5.65
Spring 1997	31:132 Biopsychology of Motivated Behaviors	50	5.65	5.84	5.77		5.94
Fall 1996	31:003 General Psychology	52	5.53	5.61	5.79		5.82
Fall 1995	31:132 Biopsychology of Motivated Behaviors	42	5.65	5.33	5.41		5.50
Spring 1995	31:003 General Psychology	61	5.30	5.63	5.63		5.56
Spring 1995	31:234 Developmental Psychobiology	11	5.64	5.82	6.00		6.00

Fall 1994	31:132 Motivation	50	5.66	5.59	5.68		5.71
Spring 1994	31:003 General Psychology	60	5.17	5.26	5.51		5.40
Fall 1993	31:132 Motivation	64	5.16	5.51	5.42		5.47
Spring 1993	31:003 General Psychology	48	5.42	5.55	5.58		5.45
Spring 1993	31:234 Developmental Psychobiology	16	5.19	5.75	5.38		5.63
Fall 1992	31:132 Motivation	61	5.02	5.51	5.32		5.51

GUEST LECTURES (PARTIAL LIST)

Fall 2022	PSY:3275	The Science of Sleep (1 lecture)
Fall 2021	PSY:3275	The Science of Sleep (1 lecture)
Fall 2020	PSY:3275	The Science of Sleep (1 lecture)
Spring 2020	PSY:5212	Foundations in Behavioral & Cognitive Neuroscience (2 lectures)
Spring 2013	02:184	Developmental Neurobiology (1 lecture)
Spring 2012	02:184	Developmental Neurobiology (1 lecture)
Spring 2011	31:242	Fundamentals of Learning and Behavior (1 lecture)

GRADUATE TEACHING (PRE-2003)

Fall 2002	31:241	Proseminar in Behavioral and Cognitive Neuroscience (16)
Fall 2001	31:241	Proseminar in Behavioral and Cognitive Neuroscience (18)
Fall 2000	31:241	Proseminar in Behavioral and Cognitive Neuroscience (11)
Fall 1999	31:338	Advanced Topics in Behavioral and Cognitive Neuroscience (16)
Fall 1998	31:241	Behavioral and Cognitive Neuroscience I (Course coordinator) (12)
Spring 1998	31:242	Behavioral and Cognitive Neuroscience II (Course coordinator + 10 lectures) (6)
Fall 1997	31:241	Behavioral and Cognitive Neuroscience I (Course coordinator) (18)
Spring 1997	31:242	Behavioral and Cognitive Neuroscience II (7 lectures) (8)
	31/338	Advanced Topics in Behavioral and Cognitive Neuroscience (5)
Fall 1996	31:241	Behavioral and Cognitive Neuroscience I (3 lectures) (10)
Spring 1994	31:338	Advanced Topics in Neuroscience and Behavior (10)
	31:244	Behavioral Neuroscience (2 lectures) (7)
Spring 1993	31:244	Behavioral Neuroscience (2 lectures) (4)

OTHER TEACHING

Summer, 2003	31:185	Research Practicum (Jonathan Mowers)

Didhiti Mukherjee, It's not you, it's me: Corollary discharge in the precerebellar nuclei of sleeping infant rats, 2018. (Postdoc, University of Maryland/Johns Hopkins University)

Alexandre Tiriac, State-dependent processing of refference arising from self-generated movements in infant rats, 2016. (Assistant Professor, Vanderbilt University; Postdoc, University of California, Berkeley)

William Todd, Night and day: Distinct retinohypothalamic innervation patterns predict the development of nocturnality and diurnality in two Murid rodent species, 2012. (Assistant Professor, University of Wyoming; Postdoc: Harvard Medical School)

Andrew Gall, The developmental emergence of a wake-promoting pathway regulating ultradian and circadian rhythms in infant rats, 2011. (Assistant Professor, Hope College, Michigan)

Ethan Mohns, Interactions between the developing neocortex and hippocampus during active sleep, 2009. (Research Scientist, Yale University; Postdoc: Yale University, Janelia Farm)

Adele Seelke, The developmental emergence of state-dependent neocortical activity in infant rats, 2007. (Research Associate II, UC-Davis)

Karl Karlsson, The neural substrates of atonia and myoclonic twitching during sleep in infant rats, 2005. (Professor, Reykjavik University, Iceland)

Joy Kreider, The neural substrates of active sleep in infant rats, 2003. (Adjunct faculty, Eastern Mennonite University)

Greta Sokoloff, Physiological and behavioral interactions during huddling by infant rats and hamsters, 2001. (Research Scientist, University of Iowa)

POSTDOCTORAL SUPERVISION

James C. Dooley, Ph.D. 2016-present. (Assistant Professor, Purdue University)
Outstanding Early Investigator Award, Sleep Research Society, 2022.
Career Development Award, Sleep Research Society Foundation, 2022.
Winner, OVPR Postdoctoral Research Scholar/Fellow Excellence Award, 2020.

Arash Tadjalli, Ph.D., 2012-2014. (Assistant Professor, Western Atlantic University School of Medicine)

Greta Sokoloff, Ph.D., 2011-2012. (Research Scientist, University of Iowa)

Baishali Ray, Ph.D., 2006-2007.

Yossi Rathner, Ph.D., 2006-2007. (Senior Lecturer, University of Melbourne)

Gonzalo Viana di Prisco, M.D., Ph.D., 2005-2006. (Assistant Research Professor, Indiana University School of Medicine)

OTHER CONTRIBUTIONS TO INSTRUCTIONAL PROGRAMS

Comprehensive Exam Committees

Amy Korthank (1995), Greta Sokoloff (1998), Joy Kreider (1998), Shujing Xu (2000), D. Nicholson (2000), Jatin Vaidya (2001), Angela Grippo (2001), Sean Lewis (2001), Karl Karlsson (2002), Adele Seelke (2003), Imelda Pasley (2004), Michael Morris (2004), Ethan Mohns (2005), Damon Ng (2005), Andy Gall (2006), Amy Jo Marcano-Reik (2006), Dan Brooks (2007), William Todd (2008), Aaron Buss (2009), Ryan Opheim (2009), Marcus Galle (2009), Jeremy Duncan (Biology, 2009), Mary Goldsberry (2010), Adam Steinmetz (2011, chair), Alex Tiriach (2012), Brandt Uitermarkt (2013), Stephen Brzycky (2013, chair), Victória Müller Ewald (Neuroscience, 2016), Sean Farley (2016), Carlos Del Rio-Bermudez (2016), Benton Purnell (Neuroscience, 2017), Kelle Nett (Neuroscience, 2018), Emily Walsh (Neuroscience, 2019), Zipeng Kev You (Blumberg, 2022), Valentine Soto (Neuroscience, 2023).

M.A. Committee Service

M. Henry (Johnson, 1993), M. Cicha (Johnson, 1993), J. Gagliardi (Wasserman, 1994), J. Xu (Johnson, 1995), Edison Perdomo (Johnson, 1996).

Ph.D. Committee Service

Kim Kirkpatrick-Steger (Wasserman, 1995), Jennifer Thomas (Wasserman, 1995), Y. Moon (Gormezano, 1995), A. Eisenberg (Markovsky, Sociology, 2000), Lynn Nietfeld (Gerkin, Education, 2000), Edison Perdomo (Johnson, 2000), Greta Sokoloff (Blumberg, 2001), Joy Kreider (Blumberg, 2003), Dan Nicholson (Freeman, 2003), Gale Kleven (Robinson, 2005), Michele Brumley (Robinson, 2005), Karl Karlsson (Blumberg, 2005), Andrea Frank (Wasserman, 2007), Adele Seelke (Blumberg, 2007), Hunter Halverson (Freeman, 2008), Valerie Mendez-Gallardo (Robinson, 2011), Mark Lobas (Weiner, Neuroscience), Jeremy Duncan (Fritsch, Biology), Adam Steinmetz (Freeman, 2013), Seth Hurley (Johnson, 2015), Mary Goldsberry (Freeman, 2015), Carlos Del Rio-Bermudez (2016), Eric Emmons (Narayanan, Neuroscience, 2016), Caitlin Cosme (LaLumiere, 2016), Victória Augusta Müller Ewald (LaLumiere, Neuroscience, 2020), Benton Purnell (Buchanan, Neuroscience, 2020), Sean Farley (Freeman, 2021), Jessica Lewis (Parker, 2022), Matthew Broschard (Freeman, 2022), Stuti Gupta (Freeman, 2022), Ryan Glanz (Blumberg, 2022), Zipeng Kev You (Blumberg, 2023), Yutong Wang (Abel, Neuroscience, 2023), Emily Walsh (Abel, Neuroscience, 2023).

Research Advisory Committees (RAC) and Other Advising

Greta Sokoloff (Blumberg), Joy Kreider (Blumberg), Penney Nichols-Whitehead (Plumert), David Medina (Wasserman), Brenda Donaghy (Gormezano), Maura Stansfield (Robinson), Dan Nicholson (Freeman), Gale Kleven (Robinson), Sean Lewis (Blumberg), Michele Brumley (Robinson), Andrea Frank (Wasserman), Karl Karlsson (Blumberg), Adele Seelke (Blumberg), Ethan Mohns (Blumberg), Chi Wing Ng (Poremba), Amy Jo Marcano (Robinson), Jeffrey Anderson (Blumberg), Andrew Gall (Blumberg), Daniel Brooks (Wasserman), William Todd (Blumberg), Valerie Mendez-Gallardo (Robinson), Katie Devine (Robinson), Jang Jin Kim (Lee), Yongsang Jo (Lee), Mary Levillain

(Freeman), Seth Hurley (Johnson), Alexandre Tiriach (Blumberg), Xin Huang (Neuroscience Graduate Program), Brandt Uitermarkt (Blumberg), Joshua Richmond (Radley), Caitlin Cosme (Lalumiere), Sean Farley (Freeman), Justin Reber (Tranel), Mathew Broschard (Freeman), Ryan Glanz (Blumberg), Zipeng You (Blumberg), Gonzalo Quinones (Baran), Midha Ahmad (Blumberg), Taylor Christiansen (Blumberg).

Undergraduate Honors Committees

C. Novak (Johnson, 1993), S. Ulrich (Wasserman, 1993), J. Tremmel (Christensen, 1994), C. Betti (Wasserman, 1994), T. Mueller (Blumberg, 1995), Carol Bunten (Blumberg, 1995), S. Pertzborn (Robinson, 1995), Beth Ann Beenken (Blumberg, 1996), Don Peterson (Robinson, 1996). Catherine Kosinski (Blumberg, 1997), Sarah Karlen (Blumberg, 1999), Lisa Kreber (Blumberg, 1999), Tim Pleskac (Blumberg, 2000), K. Bennett (Robinson, 2000), O. Bailey (Robinson, 2000), E. Johnson (Blumberg, 2003), Jessica Middlemis-Brown (Blumberg, 2005), Alex Fanning (Blumberg, 2013), Alex Yonk (Blumberg, 2016).

Undergraduates Supervised in the Laboratory

Matthew Stolba, Donald Peterson, Robert Hoover, Colin MacMurray, Carol Bunten, Wayne Lance, Tom Mueller, Kristi Kelly, Greta Sokoloff, Nancy Beach, Mary Lou Schneider, Robert Legislador, Tim Hunsicker, Beth Ann Beenken, Catherine Kosinski, Gregory Garner (SROP), Everett Nixon (SREP), Sarah Karlen*, Nigel Kopp, Lisa Kreber, Megan Adams, Jeremy Bertsch, Jayson Eiberg, Elizabeth Boline, Tara Goldader, Necole Streeper (IBA), Eric Johnson, Jessica Middlemis-Brown*†, Lastascia Granger, Erin Nelson, Cassandra Coleman#, James Gibson (IBA), Colorado Reed, Lauren Jones, James Willey, Jordan Williams, Ashlynn Gerth (IBA), Alexander Fanning#, Ben Peterson, Sheela Hussey, Nicholas Sattler (IBA), Josie Delgado (IBA), Breanne Peterson, Alex Yonk, Erin Halstead, Katherine von Fosson, Lester Moy, Anya Egense, Zipeng You, Rikki Laser+ (IBA), Asia Banks (SROP), Meredith Hickerson, Haley Laughlin, Elizabeth Janey#, Laura Evans, Grant Hurt, Juliana Start, Ellie Moon, Orlando Hernandez, Alexia Lynn, Victory Obielodan (Science Alliance), Karen Kawala (LSAMP IINSPIRE), Daylan Carney, Lydia Carr, Becky Yu, Chani Parrott, Hayley Chappell, Abby McLeod, Abby Myroth, Khushi Mehta.

* Recipient of the Collegiate Scholar Award

† Recipient of the Robbie Prize (Biological Sciences)

Recipient of Iowa Center for Research by Undergraduates (ICRU) Fellowship

+ Recipient of ICRU's Excellence in Undergraduate Research Award, Honors at Iowa Scholar Award.

Iowa Sciences Academy Trainees

Necole Streeper, James Gibson, Ashlynn Gerth, Josie Delgado, Nicholas Sattler, Rikki Laser, Alexia Lynn.

SERVICE

DEPARTMENT

Chair, Department of Psychological and Brain Sciences, 2017-present.

Member, Faculty Search Committee, Learning & Neuroplasticity, 2017-2018.

Chair, Faculty Search Committee, Developmental Science, 2016-2017.

Departmental Reorganization Committee, 2015.
Faculty Search Committee, Joint hire in Psychology and Neurology, 2014-2015.
Faculty Advisory Committee, 2014-2017 (3-year elected term).
Strategic Communications Committee, 2013-2014.
Chair, Promotion and Tenure Committee for Prof. Larissa Samuelson, 2013.
Faculty Search Committee, Department of Psychology (BCN), 2004-2005, 2009-2010.
Committee for Departmental Self-Study, 2000-2002.
Departmental "Web Czar," which involved reorganizing, rewriting, and updating the department's web pages, 1999-2002.
Renovation Planning Committee: 1998-2003.
Departmental Colloquium Committee, 1998-2002.
Training Area Coordinator (Behavioral and Cognitive Neuroscience), 1996-2002.
Chair of BCN faculty recruiting committee, 1996-1997, 1999-2000.
Committee on Graduate Studies, 1996-2002.
Chair, Animal Care and Use Committee, 1999.
Organized and chaired four "Good-to-Great" meetings, Summer, 1999.
Ad-Hoc Graduate Student Recruiting Committee, 1995-1996.
Endowment Committee, 1994-1995.
Professional Concerns Committee, 1994-1995.
Faculty Advisory Committee, 1994-1997 (3-year elected term).
Committee on Undergraduate Studies, 1993-1994.

COLLEGE

Acting DEO for expedited tenure case of Eric Hunter, Department of Communication Sciences and Disorders, 2023.
Elected member, CLAS Executive Committee, Fall 2022-2025.
Member, Science Stipends Subcommittee, 2021.
Co-Chair, CLAS Budget Committee, Fall 2020-Spring 2022.
DEO Advisory Group, Representative for Natural Sciences and Math, Fall 2020-Spring 2022.
Member, Search Committee for CLAS Research Support Manager (Pre-Award Support for PBS, HHP, and CSD), 2020-2021.
CLAS Policy Review Committee, 2019-2020.
Named Chairs and Professorships Ad Hoc Committee, 2018-2021.
Director, The DeLTA Center, University of Iowa, 2016-2017.
Promotion and Tenure Committee, 2012-2015.
Executive Board, DeLTA Center, 2011-2019.
Interim Director, DeLTA Center, July-December 2010.

Named Chairs and Professorships Ad Hoc Committee, 2009-2012.

Student Appeals Committee, 2005-2006.

Promotion review committee, School of Social Work, 2003-2004.

Elected to Faculty Assembly, 2003-2006

Chair, Dean's Task Force for the Promotion of Excellence in the College of Liberal Arts and Sciences, 2002.

Internal review committee of the Department of Anthropology, Fall 2001.

Faculty Evaluation Committee for Semester Assignments, Fall 1998.

UNIVERSITY

CLAS representative on Graduate Council, 2016-2017.

Search Committee for Director of Iowa Neuroscience Institute, 2014-2016.

Faculty Senate, 2014-2017.

Principles of Scholarly Integrity (650:270/604) Faculty Facilitator, Graduate College, 2012-2013.

Provost Search Committee, 2010-2011.

Neurosensory Genetics of Aging faculty search committee (cluster hire), Department of Biology, 2010-2011, 2011-2012.

Admissions Committee, Neuroscience Graduate Program: 2010-2011, 2011-2012.

Executive Committee, Neuroscience Graduate Program: 2000-2002.

Curriculum Committee, Neuroscience Graduate Program: 1997-1999; Summer, 2000-2001.

Biosciences Advisory Council, Office of the Vice-President for Research: 1997-1999.

Curriculum and Comprehensives Committee, Neuroscience Graduate Program: 1996-1997.

Admissions Committee, Neuroscience Graduate Program: 1993-1994; 1994-1995.

PROFESSION

Journal Editorial Positions

Reviewing Editor, *Journal of Neuroscience*, December 2022-present.

Co-Editor (with Dima Amso) of a special issue of *Developmental Psychobiology* to mark its 50th anniversary, 2017-2019.

Editorial Board, *The American Psychologist*, 2016-2020.

Editor-in-Chief, *Behavioral Neuroscience*, 2008-2014.

Associate Editor, *Archives of Scientific Psychology*, 2012-2015.

Co-Editor (with John Spencer and David Shenk) of a collection of articles entitled "How we develop—Developmental systems and the emergence of complex behaviors" for Wiley's WIREs series, 2014-2016.

Consulting Editor, *Behavioral Neuroscience*, 2007, 2014-present.

Co-editor with Nancy Dess of (and co-author of the introduction for) a special section entitled "Speaking up, speaking out: Views on advocating for our science." *International Journal of Comparative Psychology*, 20: 1-24, 2007.

Associate Editor, *Behavioral Neuroscience*, 2001-2007.

Editorial Board, *Developmental Psychobiology*, 1997-present.

Grant Reviewing

Phase I reviewer of applications for NIH Director's Pioneer Award, January 2022.

Ad Hoc member, Biobehavioral Regulation, Learning, and Ethology (BRLE), October 2017.

Ad Hoc member, Neurobiology of Learning and Memory (LAM), NIH, June 2017.

Member, NIH Special Emphasis Panel, ZRG1 IFCN-Z (02), February 2016.

Member, NIH Special Emphasis Panel, ZRG1 IFCN-Z (02), September 2013.

Panel member, Spring 2013 Preliminary Proposals Review Panel in the Neural Systems Cluster, Division of Integrative Organismal Systems, NSF, March 11-13, 2013.

Mail reviewer, Pathway to Independence (K99) program, NIH, July 2011, February 2012.

Member, Special Emphasis Panel for evaluation of K18 awards through OppNet, BBBP-L, NIH, June 2010.

Ad Hoc Member, Neurobiology of Circadian Rhythm and Sleep (IFCN-D 3), NIH, March 2007
Citizens United for Research in Epilepsy (CURE), Member of Scientific Review Board, 2004-2005.

Ad Hoc Member, Biobehavioral and Behavioral Processes-1 (BBBP-1), NIH, June 2002, June 2003, October 2005.

Member of grant review panel, "Animal models of SIDS" RFA, National Institute of Child Health

and Human Development, August 1991.

Professional Societies and Conferences

Member, Task Force to plan content for a new Basics of Sleep Guide, Sleep Research Society, 2021-2022.

Publication Policy Committee, Sleep Research Society, 2016-2019.

Conference organizer, Winter Animal Behavior Conference, Steamboat, Colorado, January 14-21, 2012.

President, International Society for Developmental Psychobiology (ISDP), 2007-2008.

Executive Committee, International Society for Developmental Psychobiology (ISDP), 2006-2009.

American Psychological Association/Bureau of Scientific Affairs (APA/BSA) liaison to the Society for Neuroscience, 2005-2007.

Program Committee (Division 6), American Psychological Association, 2005-2007 (Chair, 2005-2006).

Member, Committee on Animal Research and Ethics (CARE), American Psychological Association, 2002-2005 (Chair, 2005).

Board Member, International Society for Developmental Psychobiology, 1998-2002.

Co-organizer of the annual Winter Animal Behavior Conference, Jackson, Wyoming, January 2001.

Invited participant, American Psychological Association's (APA) 3rd annual Science Leadership Conference (SciLC), Adventures in Advocacy: Training the Civic Scientist, October 13-15, 2007.

Outside reviewer for promotion evaluations:

Department of Psychiatry and Human Behavior, Alpert Medical School of Brown University

Department of Psychiatry, Perelman School of Medicine, University of Pennsylvania

Department of Molecular, Cellular, and Developmental Biology, University of Michigan

Department of Pediatrics, Columbia University Medical School

Department of Cell and Systems Biology, University of Toronto

Department of Psychology, Princeton University

Department of Psychology, University of Texas

Department of Psychology, Cornell University

Department of Neurology, Medical College of Wisconsin

Department of Psychological Sciences, Purdue University (twice)

Department of Psychology, Indiana University

Department of Psychology, University of California at Davis

Department of Education, Rutgers University

Department of Psychology, University of Tennessee

Textbook Reviews

Rosenzweig, M. R., Breedlove, S. M., & Leiman, A. L. *Biological Psychology, Second Edition*, Sinauer Associates, Inc.

External Department Reviews

Department of Psychology, The Ohio State University, external reviewer, September 9-11, 2018.

Department of Psychology, University of Massachusetts at Boston, evaluation of readiness for a Ph.D. program, August 2010.

Department of Psychology, University of Nebraska at Omaha, February 1999.

External Member/Examiner for Doctoral Dissertation

External referee and consultant, Max Planck Institute for Ornithology, Seewiesen, Germany, 2018-2022 (Candidate: Gianina Ungurean; Mentor: Niels Rattenborg).

Graduate Program in Neuroscience, University of British Columbia, March 2013 (Candidate: David McVea; Mentor: Timothy Murphy).

Miscellaneous

External Assessor for the Faculty Search Committee, Faculty of Biological and Environmental Sciences, University of Helsinki, 2022.

Member, committee to review nominees for the APA Early Career Award in Animal Learning and Behavior, Comparative, 2021.

Committee member, Five-year review of Lane Strathearn, Department of Pediatrics, University of Iowa Carver College of Medicine, 2019.

Member, Search Committee to identify editor of *Behavioral Neuroscience*, 2018-2019.

Member, committee to review nominees for the APA Early Career Award in Behavioral and Cognitive Neuroscience, 2016.

Member, Eleanor Maccoby Book Award Selection Committee, APA Division 7, 2016.

Internal Advisory Board, SIDS Program Project Grant, Harvard Medical School and Children's Hospital Boston, Dec. 9, 2011.

COMMUNITY AND OUTREACH

Invited guest for one-hour [interview](#) on Wisconsin Public Radio, November 20, 2023.

Invited talk, Oaknoll Retirement Residence, October 17, 2023.

Our research featured in an article in [The New Yorker](#) entitled "What are dreams for?", August 31, 2023.

Interviewed for an article in [Medscape](#) on the riddle of REM sleep, June 5, 2023.

Guest speaker, University of Iowa Retirees Association, March 1, 2023.

Interviewed about animal instincts on an episode ("Basic Instinct") of the Unexplainable podcast on Vox, December 7, 2022.

Interviewed about sleep and dreams for [The Atlantic](#), August 25, 2022.

Interviewed about "sleeping" jumping spiders on NPR's [All Things Considered](#), August 17, 2022.

Featured scientist on a documentary about sleep ("Aux frontières du sommeil") produced in France by Martange and broadcasted on Canal+ on June 8, 2022.

Featured guest on the podcast, [PsychMic](#), September 2021.

Featured scientist in Episode 5 (Sleep) of the Netflix documentary, [Babies](#), 2020. (One-third of the one-hour episode was devoted to work in my lab.)

Invited speaker, Secular Humanist Group, Iowa City, September 18, 2018.

Invited speaker, Secular Humanist Group, Iowa City, February 21, 2017.

Invited speaker, Secular Students at Iowa, February 2, 2016.

Evolution and Intelligent Design, Trinity Episcopal Church, Iowa City, February 28, 2010.

Co-organizer of the 2nd Annual Iowa City Darwin Day Celebration, February 15-16, 2008.

Invited speaker, Secular Humanist Group, Iowa City, January 31, 2006.

One of four participants in a panel discussion on Intelligent Design sponsored by the UI Freethinkers, October 19, 2005.

One of several authors "auctioned off" for the Iowa City Public Library's "Celebrating Iowa Authors Annual Fundraiser," May 1, 2005.
